Because Affinity is a not-for-profit, federally insured financial institution, we typically offer higher deposit rates & lower lending rates than other financial institutions!

IMPORTANT INFORMATION ABOUT PROCEDURES FOR OPENING A NEW ACCOUNT

To help the Government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens or has signatory authority on an Account. What this means is that when an Account is opened, we will request name, address, date of birth and other information that will permit the credit union to verify identity. We may also request a driver's license or other documentation necessary to validate such identity.
